Curriculum vitae

Contact information

INSTITUTE	Climate Service Center Germany GERICS	ADDRESS	Fischertwiete 1, 20095 Hamburg, Germany
EMAIL	Joni-Pekka.Pietikainen@hzg.de	PHONE NUMBER	+49 (0) 40 226 338 424

Current position and research interests

01.07.2019 - PRESENT:	Postdoctoral researcher Helmholtz-Zentrum Geesthacht – Zentrum für Material- und Küstenforschung GmbH (HZG) Climate Service Center Germany
-----------------------	---

I am developing and using the REgional climate MOdel REMO within various topics. In recent years, my research has been focusing on clouds, aerosol particles and lake-atmosphere interactions. My current tasks and research interests are focused around the non-hydrostatic version (high-resolution) of REMO and technical aspects of the code, e.g. parallel GPU programming.

Education and degrees awarded

PH.D. (PHYSICS)	25.03.2015, University of Eastern Finland Thesis title: <i>Aerosols and climate: from regional to global modelling</i>
M.Sc. (PHYSICS)	13.02.2006, University of Kuopio (nowadays University of Eastern Finland) Thesis title: <i>Modelling nitric acid condensation in multi-phase clouds</i> (in Finnish) Grade: excellent

Awards, prizes and honours

2017	Finnish Association for Aerosol Research (FAAR) PhD award for excellent work in aerosol science
2007	Best master's thesis, given by: The Finnish association for mathematicians, physicists, and computer scientists

Other education and training, qualifications and skills

Additional skills

I have extensive skills in numerical modelling of the atmosphere on global and especially in regional scales as well as in managing large data sets. My computing skills include programming languages such as Fortran, Python, Matlab, CDO, shell scripting and writing webpages (HTML). I am also familiar with many types of supercomputer systems and can code parallel programs for normal desktop PC's and supercomputers.

Previous work experience

01.01.2018 - 16.06.2019	Group leader: Seasonal and Climate Applications Finnish Meteorological Institute, Helsinki, Finland <i>Position involved planning and executing seasonal and sub-seasonal forecasting strategies; and leading and coordinating the group's activities, for example, in Copernicus Climate Change Service (C3S), European Research Area for Climate Services (ERA4CS) and Pan-Arctic Regional Climate Outlook Forum (PARCOF), preparing project proposals, conducting my own research on regional and global scales and supervising students</i>
01.01.2015 - 31.12.2017	Senior research scientist, Finnish Meteorological Institute, Helsinki, Finland <i>I was in charge of the regional model development (REMO) and supervised the new model structure implementation (HARMONIE-Climate)</i>
01.03.2011 - 31.12.2014	Researcher / Ph.D. student, Finnish Meteorological Institute, Helsinki, Finland <i>I was the main REMO developer and was focusing on global and regional scale atmosphere-aerosol interactions</i>
01.03.2008 - 28.02.2011	Ph.D. student, Max Planck Institute for Meteorology, Hamburg, Germany <i>My main tasks was to implement the Hamburg aerosol model HAM to regional model REMO. Moreover, my tasks involved heavily model development</i>

01.11.2006 - 29.02.2008	Researcher / Ph.D. student, University of Kuopio, Finland <i>Aerosol-cloud microphysical modelling</i>
01.07.2006 - 31.10.2006	Researcher / Ph.D. student, University of Helsinki, Finland <i>Aerosol-cloud microphysical modelling</i>
01.03.2006 - 30.06.2006	Researcher / Ph.D. student, University of Kuopio, Finland <i>Aerosol-cloud microphysical modelling</i>
01.07.2005 - 28.02.2006	University trainee, University of Kuopio, Finland <i>Aerosol-cloud microphysical modelling</i>
01.01.2005 - 30.06.2005	University trainee, Scholarship, University of Kuopio, Finland <i>Aerosol-cloud microphysical modelling</i>
01.12.2004 - 31.12.2004	University trainee, University of Kuopio, Finland <i>Aerosol-cloud microphysical modelling</i>
01.06.2004 - 31.08.2004	University trainee (data analysis), University of Kuopio, Finland <i>Aerosol data-analysis using self-organizing maps</i>
01.06.2003 - 31.08.2003	University trainee (aerosol measurements), University of Kuopio, Finland <i>Aerosol measurements and data-analysis</i>

Linguistic skills

FINNISH	Native or bilingual proficiency	ENGLISH	Full professional proficiency
GERMAN	Limited working proficiency	UKRAINIAN	Elementary proficiency
SWEDISH	Elementary proficiency		

Publications (Jul-2019)
